WE HAVE A NEW LIBRARY!

On July 15, 1982, the doors to our new library were opened just 12 months after construction began and only two percent over budget. And what a place it is! Those of us who frequented our previous library will be truly impressed with the space, decor and overall inviting atmosphere of the new structure.

The old library was a mere 1500 sq. ft., but even with the additional 12,000 sq. ft. in current use, the new library doesn't look empty. The number of periodicals for both adults and children have doubled. And of course, the library will now have the space to house a larger amount of back issues of these, as well as back issues of the daily papers.

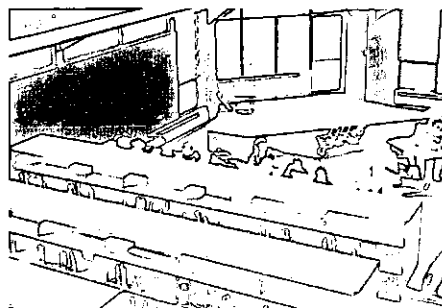

The book shelves themselves are filling up. Gay Nass, Administrative Librarian, tells us her book purchases should increase from last year's 3000 books to 6000 books this year. The library also had 2000 books in storage just waiting for the new building.

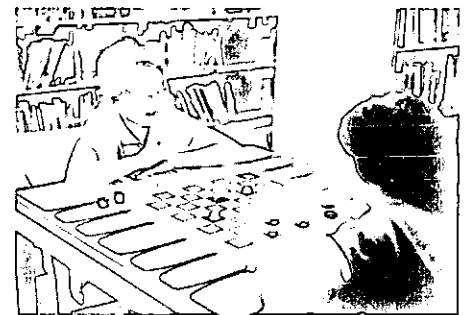

Ms. Bennet answers a reference question called in by resident.

The reference section is now a full area with Cheryl Bennett, Reference Librarian, on hand to offer assistance and handle phone requests for information. Study carrels are located in both the adult and children departments.

With the additional space, Children's Librarian Pat Chanley will be able to provide more elaborate children's programs. The Story Hour will be expanded and other activities will include the elementary school children as well as junior high students. One program planned is the Game Club featuring games like Dungeons and Dragons and Chess.

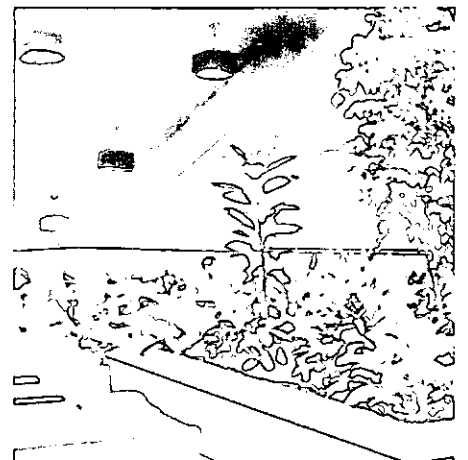

The Children's Department is abound with puppets and other fun things for the little ones.

Garrick Gutierrez and Tony Gerardi plot their strategies playing checkers at a game table in the Children's area

Among the items still to come in the months ahead are a Braille indicator and spoken word records. Cassettes and records of music, plays and poetry will also be available to use at the library or to check out.

One of the most inviting spots in the new library is the mezzanine reading area where the huge skylight is centered above an enormous planter.

Lounge chairs surround the greenery and the entire atmosphere is light, peaceful and conducive to relaxation.

Current expectations are that final action on the Franchise Agreement can occur on August 25th, the regular Village Board meeting. This will be the culmination of over 2 years of effort on the part of officials of the five Villages involved; Bloomingdale, Roselle, Wood Dale, Carol Stream, and Itasca.

It is planned that all five Municipalities can execute the Agreement in August, so that we can establish more certain dates for construction of the system.

Copies of the proposed Franchise Agreement are available for public inspection at the office of the Village Clerk during normal business hours.

The public is encouraged to attend all Board & Commission meetings.

TREE PLANTING PROGRAM

In response to the notice in the last issue, we have received requests for about 52 trees. Residents who are interested may still submit written requests to the Director of Public Works, since it appears as though several more requests can be accommodated.

In August, we will advertise for bids for the program which will establish the actual costs.

After that time, residents who have submitted requests will be contacted by mail with further details and actual costs.

For guidelines regarding the Tree Planting Program see the last issue of the ALMANAC or contact the Public Works Department at the Village Hall. Remember the requests are on a first-come basis and the cost of tree and planting will be split 50/50 between the Village and the resident.

STREET REPAIRS — UPDATE

On July 12, 1982, the Village Board opened bids on the resurfacing and repair program described in the last Almanac. The lowest bid, in the amount of \$140,691.59 from R.W. Dunteman Co., Bensenville was accepted later that evening. The work will probably be done during the month of August.

Residents are advised to use caution when driving on fresh tar. This material is sprayed onto the old pavement before the new asphalt surface is laid and is necessary for proper results. Patience and cooperation on the part of our residents will be appreciated during this construction process.

LANDSCAPING IMPROVEMENTS

As a part of our Wastewater Treatment Plant expansion program which was started in 1979, the Village Board has recently authorized the expenditure of approximately \$8,700.00 for additional landscaping improvements around the screw pump chamber.

In addition, the Board has authorized a \$10,360.00 expenditure for additional landscaping at our Public Works Garage area on Glen Ellyn Road. This will bring the total investment in this area and the treatment plant to more than \$32,000.00 during the past year. Both of these current projects are scheduled for late summer or early fall completion.

The Village Board has also allocated \$10,000.00 for the completion of the landscaping at the Village Hall which is scheduled for implementation later this fiscal year.

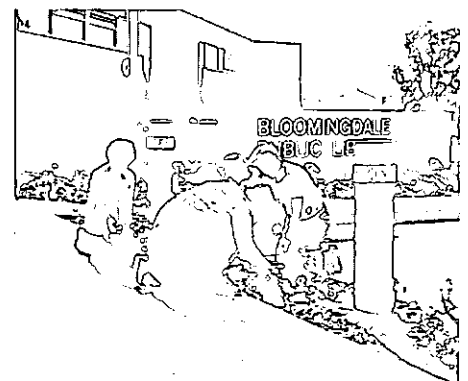

FALL AT THE BLOOMINGDALE PARK DISTRICT MUSEUM

Renovations and new exhibits are the highlights of this fall's activities at the Museum, where summer's plans are quickly becoming realities.....

Our 133 year old building has withstood the test of time quite well but even local landmarks need repairs occasionally and ours is no exception! A new roof was badly needed and has since been replaced. Our maintenance crew has done a fine job relandscaping the Museum grounds including the installation of a new sign, fence, shrubs and benches for visitor use. Floor supports were added to the building also last spring, bringing to light a very interesting feature: the original hand-hewn logs used by the settlers who constructed the building were still in place and the sole support of the main floor!

We invite all Bloomingtondale residents to come visit us during the duration of "One With The Earth" from Sept. 12th thru Oct. 23rd. Hours: TBA. Please call the Park District office at 529-3650 for further information.

**THE DEADLINE
FOR THE OCTOBER ISSUE
IS
SEPTEMBER 25.**

In July the Bloomingtondale Garden Club presented 20 large blooming potted geraniums to the new library for incorporation with the landscaping. Shown are four members hard at work putting the flowers in before the dedication ceremonies.

WE HAVE A NEW LIBRARY!

Adding to the library's charm are the display cases - two flanking the front doors, one in the children's department and one on the mezzanine level. Mrs. Nass informs us the library encourages private citizens to display their collectibles as well as inviting local clubs to use the cases.

Dedication Weekend

A full slate of activities was scheduled for the Dedication Weekend of the Bloomingdale Public Library, August 7 & 8, 1982. The weekend began with a flag-raising ceremony led by Cub Scout Pack #414, sponsored by the Winnebago PTO. The flag which now flies over the new library building once flew over the White House in Washington, D.C.

Two special events on Saturday were the releasing of over 300 balloons with messages inside signed by Bloomingdale youngsters, and the placement of a time capsule behind the plaque in the main entryway of the library building by Mary Sauvageau, President of the Library Board. The capsule will be opened in 50 years on August 7, 2032.

Entertainment for the first day of dedication included "Patches" the Magical Clown, The Puppet Place's adaptation of "Peter Rabbit" and Julianne The Mime performing "Silence is Golden." The Bloomingdale Performer's Club capped off the day with a variety show to please all

Reference Librarian Cheryl Bennett should be contacted for information on displays.

The meeting room downstairs, complete with kitchen, is now available to non-profit local groups for a small fee. Interested persons should contact Administrative Librarian Gay Nass on the policy in regard to use of the meeting room.

Mrs. Nass stresses the library staff "strongly encourages community use" of all facets of the library's increased services and facilities.

By the way, a bigger library merits "bigger hours." The Bloomingdale Library is now open Mon. - Thurs. 9:30 AM to 9:00 PM and Fri.-Sat. 9:30 AM to 5:00 PM.

Visit your new library. We think you will be very pleasantly surprised.

ages. They had been active in previous years in helping the Bloomingdale Public Library get started and it was fitting they that they be a part of this celebration.

Sunday brought the formal Dedication Ceremony. Mayor Samuel J. Tenuto read the Proclamation, Mary Sauvageau said a few words and many in the audience were thanked for their support and hard work. The ceremony was followed by refreshments and entertainment by the Harper College String Quartet.

The Library was then opened to the public and tours of the building were available as were on Saturday led by members of the Friends of the Library.

The Dedication Committee thanks all the Bloomingdale merchants and residents who helped in the many hundreds of ways that are so important to making any event a success. You helped make the entire weekend possible and so successful.

YOUTHFUL VIRTUOSO

Kathy Chang, a 13 year old pianist who has lived in Bloomingdale for five years, will perform at the Friends of the Library meeting on September 23, 1982. Bloomingdale residents who have heard Kathy's virtuosity on the piano will be happy to know that she will also play the violin in duet with her 9 year old brother, Tommy. The program offers selections from Chopin, Mozart, Beethoven, and others.

Kathy, a student at Medinah Christian School, started playing the piano at age five when her family lived in Taiwan. She practices the piano two hours a day, the violin one hour a day, year round. Since 1977 she has won numerous trophies in piano competition, including the Illinois Associated Band Activities Contest, and the Illinois Music Association Recital. She has played first violin and has been piano soloist with the Suburban Youth Symphony Orchestra, conducted by Dr. Russell Harvey. Her violin teacher is Dr. Constantino Nagro of Roselle.

The public is most cordially invited to attend the Friends of the Library meeting on September 23rd at 7:30 p.m. in the new Library Meeting Room, 101 Fairfield Way. The children's performance will begin at 8 p.m. and last about 45 minutes. There is no obligation to join the Friends of the Library. Please come and enjoy the program. Refreshments will be served by the Friends of the Library.

An Uplifting Experience - an added attraction at Springbrook's Annual Sidewalk Sale was Kathy, who took local children for short jaunts in the parking lot.

THANK YOU!

The Board of Library Directors and staff of the Bloomingdale Public Library would like to thank the many people who volunteered to help us with the recent move to our new library building. With your help, over 20,000 books were moved and unpacked in just one day. This tremendous task could not have been accomplished without the nearly 40 volunteers who gave over 225 hours of their time to the library. Thank you for your excellent work and generous support of the Bloomingdale Public Library.

WICKER CORNER

NEW BUSINESSES IN BLOOMINGDALE

We are happy to introduce you to two new businesses which have recently opened in our Village. Art Craft Photographers is located in Old Town, and The Wicker Corner is in Springbrook Shopping Center.

Art Craft Photographers

Mr. Charles "Chip" Goodman, a Bloomingdale resident since 1976, wanted to open a photo studio near his home and was intrigued by the Village's Old Town program. The house he found at 139 First Street was built in 1871. The home was originally two buildings which were joined together on a field stone foundation. When restoration is complete the house and yard will become the basis for his outdoor portrait studio.

The Art Craft Photographers was founded in 1969 by Charles' father, Nat, in Bellwood, Illinois. Although they maintain an office there, their main office and studio was moved to Bloomingdale on January 1st, 1982. Their reputation for quality work has been one of their best salesmen. They have been among the leaders in introducing new photographic techniques to bridal photography to make weddings truly unique. As a result they are now photographing over 200 weddings a year. They also do indoor-outdoor

The Wicker Corner, located at 142 G. Lake Street in the Springbrook Center, is a new business that is an extension of an old business. For the past three years Mrs. Helen Doman-ski-Schober, the owner, has been holding Wicker Parties.

The parties are conducted by setting up an assortment of wicker and rattan products in the party sponsor's home. Friends are invited to come and place orders for the items they wish to purchase. Helen is still holding parties, but many people have been asking for furniture and other larger pieces which cannot be easily shown in the home.

As a result the Wicker Corner has come into being. The shop specializes in high quality wicker and rattan furniture at reasonably low prices. In addition to furniture you can also find a large selection of picnic baskets, area rugs and home accessories. Our favorites are the large selection of different types of baskets which look like animals and birds, and a detailed set of miniature furniture.

portraits, commercial photography, and have now gone into video photography for weddings and home security.

This new means of photography will allow you to relive your wedding experience with home video which captures all the exciting "sights and sounds" on color video tape.

Other services Goodman offers are invitations, framing and photo restoration.

Chip would be glad to have you stop by Art Craft Photographers and see for yourself the many ways your special photographic events can be captured. You will then understand the meaning of their motto "*Your Satisfaction Determines Our Success.*"

Helen welcomes suggestions for other items to be carried in the shop or will gladly accept special orders. The assortment of merchandise is constantly changing due to weekly deliveries of new and different items imported from Poland, Philippines and Taiwan. If you were not able to find something in the past, chances are you probably will on your next visit.

August will be Grand Opening month. Each week during the month different types of furniture and accessories will be specially priced. We think you will enjoy the "no pressure" shopping you will find with Helen and her family. In fact, Helen suggests you "Stop by the Wicker Corner and have a cup of coffee with her while you look." Why don't you take her up on her invitation?

RTA

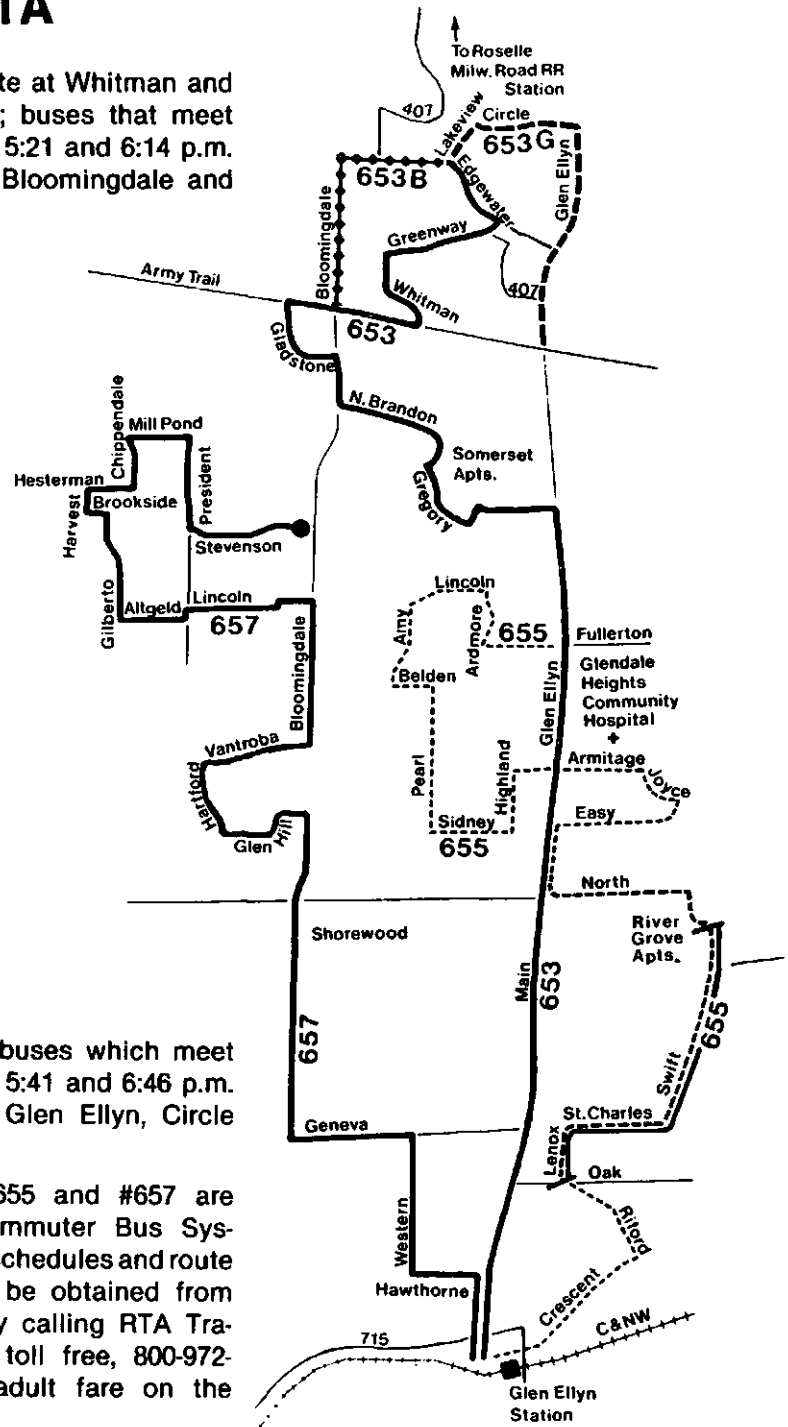

The RTA has given our Village good news in regards to the commuter bus that serves the Chicago Northwestern train station in Glen Ellyn, Route #653. Even in a time when the RTA is cutting back service in other areas, due to our past excellent ridership record, the miles of bus routes in our community is being increased. With your support through increased use of the commuter bus, we will, in the future, be able to expand this valuable service.

Service on Route #653 will be expanded offering transportation to six morning trains at Glen Ellyn C&NW station and return trips meeting five evening trains. Previously, the route only provided four morning and evening trips. Under the new schedule, morning trips on Route #653 will originate at one of the three intersections: Whitman and Bloomingdale; Glen Ellyn and Army Trail Rd.; and Whitman and Army Trail Rd.

Buses will leave from the intersection of Whitman and Bloomingdale at 6:35 and 7:22 a.m., connecting with the 7:18 and 7:59 trains at the Glen Ellyn C&NW station. Trips that will originate at Glen Ellyn and Army Trail Road at 5:48, 6:21 and 7:06 a.m., connect with trains leaving Glen Ellyn at 6:27, 7:05 and 7:46 a.m. respectively. The last morning trip will originate at Whitman and Army Trail Road at 7:58 a.m., connecting with the 8:26 a.m. train in Glen Ellyn.

The evening schedule is as follows: The bus which meets the C&NW train arriving in Glen Ellyn at 5:04

p.m. will terminate at Whitman and Army Trail Road; buses that meet trains arriving at 5:21 and 6:14 p.m. will operate via Bloomingdale and

Edgewater; and buses which meet trains arriving at 5:41 and 6:46 p.m. will operate via Glen Ellyn, Circle and Lakeview.

BWC BEGINS 1982-83 YEAR

All residents of Bloomingdale are invited to attend the first meeting of the Bloomingdale Women's Club on Thursday, Sept. 9 at 7:30 P.M. in the Council Room of the Village Hall. The BWC encourages all residents, aged 18 or over, to join. It is a great opportunity to get involved in your community and make new friends. Meetings are held on the second Thursday of each month. Refreshments and special programs follow the monthly business meetings.

Throughout the year members work on various fund-raising projects. The monies are donated to various charities. During the past year money has been donated to Marklund Home, Central, DuJardin, and Winnebago schools, and the Bloomingdale Paramedics, among others. In addition, the Women's Club works on other projects to better our community. The Scholarship Program helps high school seniors re-

ceive monetary assistance toward their college education. There are also many social functions held each year. Women's and Couples' Bowling, Progressive Dinner, Children's Christmas Party, Road Rally, and Scotch Golf are just a few of the social activities.

If you are interested in joining, or have any questions, contact Mickey Smith 894-3015.

“WHAT DO YOU THINK?”

I wrote about this last year and will do it again. I think we should keep after the Ill. Department of Transportation about the widening of Lake Street to include a left turn lane all the way through Bloomingdale. It would be the best move for safety and traffic flow through our town. Speaking loudly often gets more attention.

228 E. Lake Street

Once again I have written to IDOT in regard to this matter. Stressed in my letter was the benefit to maintenance of continuous traffic flows along Lake Street. Any reply will be passed along to you.

Dan Wennerholm,
Village Engineer

A couple of months ago we printed an Opinion Feature in regard to a traffic light at the Edgewater and

Bloomingdale Road intersection. We approached the County with the suggestion and recently received the following reply.

Editor

Per your request, a traffic study has been made for the intersection of Bloomingdale Road and Edgewater Drive. Although several hours meet the minimum requirements for signalization, Edgewater generates in-

sufficient traffic to warrant signalization at present.

Why do we never hear anything about School District #93? We have Bloomingdale children going there. It's not as if there's no news. Spaulding School has just closed down and they will all move to the new Woodlake Trails. True, it's not in Bloomingdale, but our children are! If you're going to report school news, let's not exclude ours. We don't choose our school districts, they're assigned to us.

Name withheld by request

Thank you for the suggestion. We contacted District #93 and received a news release located elsewhere in this issue. We'll be hearing more from them in the future.
