NEW FACES AT VILLAGE HALL

NEW ASSISTANT ADMINISTRATOR

Denise E. Pultorak took on the position of Assistant Village Administrator on August 11 replacing Marty Bourke. She has come to us with extensive experience in several administrative areas including personnel, insurance, budgeting and training supervisory personnel.

She served as an administrative intern for eight months in Northfield and one year in Western Springs. For the past two years Denise has been the Assistant Administrator in Woodridge where she had substantial involvement in the daily administration with all departments. Her responsibilities and projects provided a great deal of personnel contact.

Denise earned her B.A. in political science/public law from Northern Illinois University in 1983. She received her M.A. in public administration with emphasis in urban management from NIU in 1985.

She says she always wanted to go into public service. Originally Denise intended to become a public defender. She became involved, however, in city government as an undergrad. That, in addition to taking classes in public administration and being involved in col-

lege student government, made her realize she enjoyed dealing with people as opposed to law books.

Currently single, Denise lives in Oak Park. She grew up on the northwest side of Chicago until her family moved to Schaumburg when she was in high school. Her leisure activities are athletic in nature - skiing, swimming, golfing and bike riding.

Everyone here at the Village Hall is very happy to see Denise in her new position. Her quick smile and warm personality are the "icing on the cake" for this very qualified young woman. Welcome aboard, Denise!

The Building and Zoning and Engineering Divisions of the Department of Community Services have seen some personnel changes over the past few months, and we are proud to have two new employees as part of our staff.

Scott Reisinger, 27, started with the Village as Engineering Inspector in June. Scott comes to us with nine years of construction experience with the Illinois Department of Transportation. He is married, with no children, and lives in Carol Stream. His leisure hours are typically spent in some form of athletic activity such as golf, bowling, racketball and softball.

Greg Lachel, 35, was transferred from the Street Division to become a Building Inspector last August. He had worked for the Village back in the early 70's and has a broad range of experience in the various construction trades.

Greg has lived in Roselle for over 15 years, is married and has four children ranging in age from five to thirteen. He also enjoys woodworking, playing softball and being involved with his children and their activities.

Other recent personnel changes include some secretarial moves. Irene Jones, who has been Administrative Secretary to the Community Services Department for three years, was promoted to Executive Secretary to the Village Administrator. Irene has three daughters. She and her family have lived in Bloomingdale for eight years.

Pat Perry was hired to take Irene's place as Administrative Secretary in Community Services. Pat had worked as a secretary before she interrupted her career to raise her two children. She and her husband Don have lived in Bloomingdale for 14 years.

ATTENTION HOMEOWNERS

Our water meter readers have been experiencing difficulty in some residential areas finding water meters which have been covered by extensive landscaping. They ask residents to please trim bushes so meters can be seen and read. Thank you.

1986 VILLAGE STREET IMPROVEMENT PROGRAM

The 1986 Street Improvement Program is currently under contract with work scheduled to begin on or about October 1 and for completion on October 31, weather permitting. In addition to the past practice of patching and overlaying the streets, the Village has contracted to "re-cycle" select streets in the Lakeshore Townhome area. The re-cycling process uses the existing road material which is ground up and replaced as the street structural base. A bituminous overlay is then placed on the base. The process is best used on streets which have deteriorated to the point that complete re-construction is required. The re-cycle process is less expensive than new construction since existing materials are re-used in the construction. The following streets are included in this year's program:

RE-CYCLE PROCESS & RESURFACING CONSTRUCTION

Lakeshore Lane from Lakeview to Edgewater
 Clearbrook Lane from Lakeshore to Edgewater
 Driftwood Lane from Lakeshore to Edgewater
 Willow Lane from Lakeshore to Edgewater

RESURFACING CONSTRUCTION

Millcreek Lane from Lakeshore to Edgewater
 Spring Court from Lakeshore to East End
 Harbor Court from Lakeshore to East End
 Bayview Court from Lakeshore to East End
 Park Ave. from Bloomingdale Rd. to Walter Ct.
 Walter Ct. from Park To South End
 Circle Ave. from Lake Street to Schick
 Ridge St. from Lake St. to Schick
 Oxford Ct. from Edgewater Dr. to North End

Evergreen Lane from Byron to North End
 Longridge Dr. from Schick to East End
 Leslie Lane from Longridge to West End
 Larchmont Lane from Schick to Lynbrook Dr.
 Lynbrook Dr. from Longridge to Larchmont
 Euclid Ave. from Schick to DuJardin School
 Norton Lane from Greenway to Norton Dr.
 Norton Dr. from Norton Ln. to Sutherland

Also included in this year's program are alley improvements between Washington and Franklin, west of Bloomingdale Road. Total amount of this year's Road Improvements Budget is \$250,000.00.

FALL HYDRANT FLUSHING

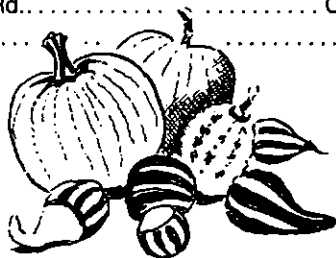

It's that time of year again. Starting October 13th through October 24th, the Water Division will be flushing hydrants throughout the Village. The flushing will occur between the hours of 10 P.M. and 2 A.M. Residents with water softeners are encouraged to check the cycle time of their softeners so that the unit does not regenerate during this period.

One question that is always asked is - Why does the Village flush hydrants? Hydrant flushing is routine maintenance for a water system. It accomplishes the following:

1. Improves water quality: Flushing removes minerals such as iron and magnesium that have collected in the water mains.
2. Improves water flow: By removing minerals, the inside diameter of a water main is increased and therefore, allows a better flow of water.
3. Hydrant maintenance: A fire hydrant is a mechanical device. Operation of a hydrant lubricates internal mechanisms and gaskets.
4. Hydrant inspection: Any deficiencies are noted and repaired as necessary to insure that each hydrant will perform when needed for an emergency.

The schedule for hydrant flushing by area will be as follows:

Westlake Subdivision	October 13, 14, and 15
Fairfield Subdivision	October 15
North and South Suncrest	October 16
Medinah Country Estates	October 16
East Army Trail, Brookdale Estates and Westlake (Harvard)	October 17
Deer Glen	October 20
Willowbridge Village	October 20
Westlake Sunnyside	October 20
Old Town, Lake St., and Bloomingdale Rd.	October 21

1987 TREE PLANTING PROGRAM

The Village Board has again allocated funds for this very successful program which was started in 1982. The program provides trees, including planting, at a 50/50 cost sharing with the Village. The trees will be planted very early next Spring and are available for parkways and front yards.

This winter, after all interested residents have signed up, we will take competitive bids and will then have the exact prices. We then will contact each participant with the appropriate cost and request payment.

The following are the guidelines of the program:

1. Since the budget is limited, the program will be on a first come, first served basis. Requests should be submitted by November 15, 1986. No money is needed at this time. Bills will be sent in early 1987.

"PEOPLE" LOGO BECOMES PEOPLE'S ART PROJECT

The next time you happen to drive by Bloomingdale Church at 260 Glen Ellyn Road, take notice of the attractive 12-foot piece of art that rests on the brick front wall of the church. This colorful conversation piece was hand-drawn, routed on wood and then painted in brilliant colors by volunteers of the church.

The "people" logo incorporates a gathered mass of people to form the shape of a church topped with a cross. The insignia has been the official logo of the church since 1979, but this is the first time it has taken on such large proportions. Mrs. Rachel Yoder and several other members of the congregation dedicated much effort creating the unique visual, particularly in the laborious hours of hand-routing and handpainting.

The logo design itself is an original and illustrates very well what the church endeavors to exemplify, namely, that a church is really the people standing together to form a living community.

The Bloomingdale Church has been in town since 1978 and is a community church that focuses on the practical application of the Bible to everyday life. It is pastored by David Riemenschneider and Steven Rollins.

BLOOD DRIVE HELD TO HELP LOCAL HEMOPHILIAC BOY

St. Isidore's Catholic Church, Bloomingtondale, and the Knights of Columbus are sponsoring a blood drive October 18th and 21st for the benefit of 2-year old Zachary Zanzig.

Zachary, who has hemophilia, could need as much as \$25,000 per year to pay medical expenses. His parents do not have medical insurance to cover these potential expenses.

The blood bank will pay into a trust fund for Zachary \$8 per unit of blood collected. As you can see, a lot of blood is needed to help. In addition your donation will also assure your family of receiving any blood needed for a year. If you have donated blood less than 8 weeks ago or cannot give blood and would like to help, tax deductible donations can be sent to Bloomingtondale State Bank. Make donations payable to "Zachary Zanzig Hemophilia Fund."

If you would be willing to donate blood, the drive will be held Saturday, October 18, 7:00 a.m. to 12:00 p.m. in the lower level to St. Isidore's Church Chapel, Army Trail at Gary Avenue; and Tuesday, October 21, 4:00 to 8:00 p.m. at Westfield School. For details call Larry Krauss, Drive Chairman, at 668-6850.

ABOUT TOWN

ERIC ROBERT AMANN, of Boy Scout Troop 457, received the Eagle Scout Award on August 26. The Eagle Scout Award is the highest level of achievement available to Boy Scouts. Only two percent of all scouts attain the honor.

As a 1986 graduate of Lake Park School, Amann received the President's Award, top five percent Scholastic Award and an Illinois Scholarship Award.

In addition to his academic achievement, he was involved in Illinois Youth Government, marching band and was the senior editor of the school newspaper.

Amann has been a member of Boy Scout Troop 457 in Bloomingdale since 1979, rising in rank from boy scout to eagle scout. He developed his leadership ability serving as troop librarian, patrol leader and senior patrol leader.

The 1986 Festival Queen and her court were crowned at opening ceremonies during Septemberfest. This year's queen is **MAXINE GRIEF**, an 18-year old Mundelein sophomore who has lived here her whole life. She remembers a smaller, quieter Bloomingdale while growing up - taking ballet in the Park District Museum building before it was a museum, the tiny trailer library, the closest grocery store being in Roselle.

An outstanding student, Maxine was awarded the Galvin Scholarship, Mundelein's highest scholarship. She is currently majoring in history and intends to go to law school.

First runner-up **JANINE HANRAHAN** is a 17-year old senior at Driscoll Catholic High School. In addition to working a part-time job as a bank teller, she is involved in two youth groups, serves as a statistician for the football and baseball teams at school and is involved in the nursing program at DAVEA Center, as well as in a volunteer program dealing with the elderly.

Hanrahan believes by being a part of community service, one can make a real contribution toward the future of our Village and its people.

Wende Fisher, Nikki Basel, Maxine Grief, Janine Hanrahan, Rosalie Brocato

Third runner-up **ROSALIE BROCATO** is a Glenbard North junior involved in theatre, choir and junior varsity tennis. Her pride in Bloomingdale was first recognized when her design for the Sesquicentennial logo won first prize in the student contest four years ago. Since then, she says, she has been active in other community affairs, including serving as volunteer coach in youth soccer for the Bloomingdale Park District.

Fourth runner-up **WENDE FISHER** is a 17-year old Glenbard North student. During her past school year she was a recipient of the Livingston Human Relations Award, as well as being accepted into the National Honor Society. She is on the school badminton team and manages girls' volleyball and basketball teams. Fisher says she is grateful to Bloomingdale for her education and growing experiences.

HOLIDAY HAPPENINGS

The Bloomingdale Women's Club's eighth annual auction, "Holiday Happenings," will be held Friday evening, November 21 at Indian Lakes Resort.

Viewing of the auction items, featuring quality handmade crafts donated by BWC members, is at 7:30 P.M. the auction begins at 8:00. Admission is \$2.50 which includes homemade goodies and champagne punch. For more information call Jan, 980-3611.

The second runner-up, Glenbard North High School senior **NIKKI BASEL**, draws from extensive travel experiences to extoll the virtues of living in Bloomingdale. Having traveled not only to several European countries, but also to places such as Kenya, Zambia and South Africa, Basel finds the U.S. and Bloomingdale a wonderful place to live.

Maya Paukstys, co-owner of the Nail Event, upstairs at Plaza Nouveau, 247 E. Lake Street, has taken another step in her business endeavors and has opened Maya's Fashions on the first level of the Plaza.

"We have the right figure look for you. Our dresses are gorgeous and for every occasion. Our business line is very professional, the sportswear line casual and relaxing. You must see our accessories, many one of a kind styles in jewelry, belts, scarves and bags."

Maya's belief is that quality merchandise at very affordable prices, topped with very special one-to-one service is the formula for a successful store and a very happy customer.

The new store is open Tuesday through Sunday, 10 A.M. to 6 P.M. Watch for the Grand Opening. Remember, at Maya's Fashions, you aren't the forgotten woman - they have your fuller figure in mind.

SUNRISE TEMPERATURE SERVICE

Does your air conditioning keep your home as comfortable as you would like? Did your furnace keep you warm during the long cold nights last winter? If you said no to either or both of these questions, then Carol Novotny and Jackalyn Wynne's Sunrise Temperature Service, 4N240 Cavalry, Bloomingdale, would like to be of service to you.

They are dealers for Ruud, Lennox, York and Bryant heating/air conditioning, and refrigeration equipment. If you require commercial or residential replacement or have remodeling needs, their trained representatives are willing to answer your questions and to give estimates free of charge. With the advancement of high efficiency furnaces over the past couple of years you may find that a new replacement unit could pay for itself by reduced fuel usage.

Before the cold winds of winter begin to blow, maybe you should have your furnace serviced or replaced. For information on the various services available, contact Sunrise Temperature Service, Monday thru Friday between the hours of 8:30 a.m. and 5:00 p.m. at 894-3130.

NEW IMAGE, INC.

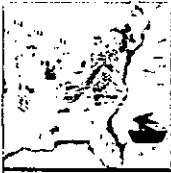

After reading stories about children who have poor or limited physical education programs, adults who become winded while climbing a flight of stairs, and people who cannot sleep at night due to stress, Barbara Portone set out to produce a physical fitness program for everyone. The program she has developed will give you a "new image," thus the name for her new business - New Image, Inc.

Each exercise is fully illustrated and printed on 17 inch by 22 inch laminated paper to be used in the privacy of your home. Each sheet not only explains how to perform the exercise but also indicates what benefits can be achieved by doing that exercise.

The exercises are available in sets, or as a complete package of 75 exercises priced below \$16.00. If you have been exercising or just beginning, or if you want to exercise for relaxation, then this program can benefit you.

For details and ordering information write Barbara Portone at New Image, Inc., 123 East Lake Street, Bloomingdale, IL 60108.

Thanks to the Bloomingtondale Park District, the Bloomingtondale Fire Department and Museum curator Becky Wilhelmi for the excellent and interesting exhibit featuring historical items from our local fire department presented at the Park District Museum in Old Town together with the celebration of the 14th annual Septemberfest.

Dolores Howe
Bloomingtondale Historical Society

On Sunday, September 21, I observed the Bloomingtondale Fire Department at work on Bob White Court. The home next to mine was struck by lightning. The firemen acted far beyond the call of duty in their performance. They were not only courteous, but took great care in preventing any further damage from the weather conditions. They were supportive in their comments and helped the owners clean up much of the debris. They are certainly to be congratulated.
