40th Annual Septemberfest - Old Town Park

September 7, 2013 marks the 40th anniversary of Bloomingdale's annual end-of-the-summer gathering, Septemberfest. From its low-key beginning with the gathering of neighbors, refreshments, including the Lions grilled corn and beverages, games and demonstrations of a corn shelling machine, Septemberfest has evolved into the current morning into late evening event with food and craft vendors, nearly continuous entertainment, a car show, scholarship recipients and

a street filled curb to curb with people enjoying the evening's band. We've come a long way, Baby!

The annual parade steps off at 11 a.m. from DuJardin School on Euclid, moves west on Schick Road, crosses

Bloomingdale Road and empties into the Septemberfest site. At noon, the festivities begin with the official opening by Mayor Franco Coladipietro, with the posting of the colors by Bloomingdale VFW Post 7539, the National Anthem and the honoring of the troops.

Entertainment begins at the Pavilion with dancers from Center Stage 12:45 – 1:15 and Dance Xplosion (continued on page 10)

St. Paul Evangelical Church to Host Septemberfest Block Party

An addition to this year's annual Septemberfest is a Family Block Party to be held at St. Paul Evangelical United Church of Christ, located at 118 First Street. The Block Party will take place in the church's west

parking lot at
Bloomingdale Road and
Franklin, across the street
from Septemberfest.
Admission to the Block
Party is \$2.00 for children
ages 2-13 and \$3.00 for all
admissions over age 13.

Paid admission will include games for children and adults, prizes, live entertainment and tickets to be redeemed at the carnivalthemed concession stand. Gates open at 12:30 PM and will close at 4:30 PM

on Saturday, September 7, 2013.

For more information, please contact the church office at (630) 980-9196 or via email at stpaul118@sbcglobal.net.

Participants may bring lawn chairs and refreshments. The 2013 Summer Concert Series has been sponsored by the Bloomingdale Park District, the Village of Bloomingdale, Bloomingdale Bank & Trust and Friendly Ford. There is no concert on Tuesday, August 6 as Bloomingdale celebrates National Night Out at the Park District Oasis.

Stay in Touch

Consider signing up for the Village's E-News, which would be delivered weekly to your email address.

This is a good way to keep up with timely information on news, services and events in and around town. And in the case of an unusual event, such as the 2013 spring flooding, the Village is able to get out critical information to all subscribers as it becomes available.

Go to <u>www.villageofbloomingdale.org</u> and sign up for the E-news on the

homepage on the bottom half of the right hand side. It's easy and free!

From the Desk of Mayor Franco

I'd like to thank everyone for the warm welcome I have received since being sworn in as Mayor on May 13. My first 10 weeks in office have been busy getting up to speed with what's happening in the various village departments, becoming acquainted with the village's current budget, hearing from residents and businesses alike and looking forward to some exciting changes on the horizon.

During my campaign I spoke about creating the Bloomingdale Mayor's Advisory Council (BMAC), a group that would be designed to give Bloomingdale residents a real voice in shaping the future of our community. The time has come to solicit volunteers to make up this innovative group. I would like to create a council that will be comprised of a cross section of the community - representatives from homeowner associations, the business community, social service providers, churches, schools, the library and the park district.

We need volunteers who are able to look at the big picture and are willing to collaborate as BMAC discusses village initiatives, presents new ideas and offers feedback on ways to improve our community. Once established, BMAC will meet on a quarterly basis. You can find an application to serve on this council on the homepage of the Village's website www.villageofbloomingdale.org or call Mary Ellen Johnson at 630-671-5600 to have one sent to you. Directions on returning the application are on the bottom of the form.

In other news, I am very proud to announce that **Congratulations!** are in order to the Finance Department on receiving its 23rd consecutive Certificate of Achievement for Excellence in Financial Reporting, which is presented by the Government Finance Officers Association. We might note 23 years just happens to coincide with the length of time Gary Szott been our Treasurer. He is quick to point out the credit for this outstanding achievement goes to the entire Finance Department, with special recognition to Assistant Finance Director Allen Altic and Accountant June Fergus.

Hope to see you at the 40th Annual Septemberfest on September 7! Mayor Franco

A meeting of the Mayors: Our Mayor Franco Coladipietro had the pleasure of meeting Clint, the "Mayor" of Marklund, and a great ambassador. The two became acquainted before dinner at the Marklund Golf Classic held at Indian Lakes on May 30.

We'd Love to Have Your Thoughts...

The Village of Bloomingdale invites all residents to take part in the upcoming online Residential Survey, October 1 – 31, 2013. Understanding our residents' views and the value they place on various services is very important to the Village. Results of the residential survey will be a beneficial tool for the Village's future planning and budgeting purposes.

During the month of October, Bloomingdale residents will be able to complete the survey online in the comfort of their own home. The web address for the survey will be posted in late September on the Village website and E-News, and in the October **Almanac**.

Residents who do not own a computer or who are not familiar with computer use will be able to complete the online survey (with assistance if desired) on computers set up at the Bloomingdale Library and at Village Hall, during normal business hours.

National Night Out On August 6

Bloomingdale's National Night Out Against Crime event takes place on Tuesday, August 6 at the Bloomingdale Park District, 172 S. Circle Avenue. It will begin at 6:00 p.m. and conclude at 9:00 p.m. (weather permitting). Hot dogs, hamburgers, etc. will be provided through Catering With Elegance by Glendale and will be served from 6:00 p.m. until 7:30 p.m. There will be games and prizes for kids and the pool is open to all.

Since 2010 when the Emerald Ash Borer (EAB) infestation was confirmed in Bloomingdale, the Village has been implementing an EAB Response Plan, which calls for the removal and replacement of its entire ash tree inventory over a period of 15 years.

Village Forestry staff continues to monitor the extent of the EAB infestation, tagging ash trees with orange ribbons for removal. These tree removals will be completed this season, and replacement trees will be planted this fall or next spring. A combination of Village employee labor and contracted labor will be utilized.

The current Village ash tree inventory is 1,744, which is 1,594 street trees (parkway, medians, etc) and 150 trees at Village facilities trees. During this fiscal year the budget projects 300 more ash trees are to be removed.

How big is an emeral ald ash borer? This of a finger.

While the Village does not remove ash trees on private property, if you suspect your ash tree has EAB, contact the Forestry Division at 630-671-5800. A Forestry staff member will come out and inspect the tree for you and answer your questions.

Summer Water Conservation

From May through September the sprinkling of lawns with automatic sprinkling devices is only allowed as follows:

Single Family residential with **odd** numbered addresses on Monday, Wednesday and Saturday between 5 a.m. and 9 a.m. or 5 p.m. and 9 p.m.

Single Family residential with **even** numbered addresses on Tuesday, Thursday and Sunday between 5 a.m. and 9 a.m. or 5 p.m. and 9 p.m.

Commercial, Industrial, Manufacturing, Office Buildings and Multi-Family Residential Buildings on Tuesday, Thursday and Sunday between 5 a.m. and 9 a.m. or 5 p.m. and 9 p.m.

The use of automatic sprinkling devices is prohibited on all Fridays. Violators are subject to a fine of \$25.00 to \$50.00 for each violation of the order. For more information, contact the Utilities Division at 630-671-5830.

Watering New Trees

The Forestry Division has removed and replaced many EAB trees last year and this spring, and is requesting help from residents to keep these replacement trees watered when the temperature climbs and there isn't enough rain. Trees lose lots of water when the temperature climbs.

Proper watering is the single most important aspect of maintenance of transplanted trees. The goal is to provide at least 1 to 2 inches of water every two weeks, more often in very hot weather.

Here are two easy ways to accomplish watering:

- 1. Set a garden hose at the base of the tree, and let it trickle for 15 minutes.
- 2. Perforate a 5-gallon plastic bucket with several holes, place it near the trunk of the tree and fill it with water. Allow the water to seep out, then repeat.

Don't forget your own new trees. After a tree has been established for two years the root structure is better able to withstand a wider range of water conditions.

Aggressive Drivers = Danger on the Road

Summer in the Chicagoland area means, 'Construction Season,' which often brings out aggressive behavior in drivers. Some people want to get to their destination regardless of public safety and can be upset by the smallest things.

These high-risk drivers climb into the anonymity of an automobile and take out their frustrations on anyone at any time.

For these drivers, frustration levels are high and level of concern for fellow motorists is low.

They run stop signs and red lights, speed, tailgate, weave in and out of traffic, pass on the right, make improper and unsafe lane changes, make hand and facial gestures, scream, honk, and flash their lights.

They drive at speeds far in excess of the norm, follow too closely, change lanes frequently and abruptly without signals, pass on the shoulder or unpaved portions of the roadway, and leer at and/or threaten (verbally or through gestures) at motorists who might be "in their way."

When confronted by an aggressive driver:

- First and foremost make every attempt to get out of the way.
- Put your pride in the back seat. Do not challenge them by speeding up or attempting to hold-your-own in your travel lane.
- Wear your seat belt. It will hold you in your seat and behind the wheel in case you need to make an abrupt driving maneuver and it will protect you in a crash.
- Avoid eye contact; ignore gestures and refuse to return them.
- Report aggressive drivers to the appropriate authorities by providing a vehicle description, license number, location, and if possible, direction of travel.
- If you have a cell phone, and can do it safely, call the police.
- If an aggressive driver is involved in a crash farther down the road, stop a safe distance from the crash scene, wait for the police to arrive, and report the driving behavior that you witnessed.
- Avoid the challenges or confrontations of an aggressive driver and support law enforcement's efforts to rid the streets and highways of this menace.

Any questions or concerns about this information or other crime prevention topics, may be directed to Officer Dawn Odoi of the Bloomingdale Police Department at (630) 529-9868.

A Few Reminders of Rules of the Road

Seatbelts: Everyone in the vehicle is required to wear a seatbelt. It's the law! **Turn signals** should be used to make turns (even in turning lanes) and to change lanes.

Headlights are to be "on" when the vehicle's wipers are "on" due to bad weather (rain).

Slow traffic should keep to the center and right lanes.

No texting when driving. It is the law!

No cell phone use in constructions zones – 24 hours / 7 days a week. Handicap placards and license plates are issued to individuals and should be used by those individuals only.

Bloomingdale Cops on Top Raise \$1400 for Special Olympics

Patrol Officer Dominick Corsiglia was perched on the top of the Lake Street Dunkin' Donuts to help raise funds for Illinois Special Olympics on May 31. The 5:30 a.m – noon event brought in \$1400. Dawn Odoi and Sue Osicek also took turns on the roof. In addition, Patrol Officer Corsiglia, Patrol Officer Steve Giancaterino and his family, represented Bloomingdale in the 2013 Special Olympics Torch Run on June 9th.

West Nile - County Update Dead Birds Can Now Be Reported Online

Keep Cool Economically This Summer

Here are some energy saving tips to help you stay comfortable, conserve energy and manage electricity bills during the summer.

- Keep thermostats at a constant, comfortable level – 78 degrees – when at home. Lowering the thermostat setting below the desired temperature will not cool the home faster.
- To save even more energy, use a ceiling fan along with raising your air conditioner temperature.
- To reduce heat and moisture during the warmest part of the day, run appliances such as ovens, washing machines, dryers and dishwashers in the early morning or evening hours when it's generally cooler outside. Also, barbecue outside, instead of using the oven.
- Keep shades, blinds and curtains closed. Simply drawing blinds and curtains, which act as a layer of insulation, can reduce heat gain to your home. Awnings are even better, and can reduce heat gain by up to 77 percent.
 Window coatings and window film can reflect additional heat energy from the sun.
- Keep doors to the outside, garage or attic firmly closed to keep cool air in and hot air out.
- Place window air conditioners on the north or shaded side of the house to avoid overworking the unit in the hot daytime sun.
- When leaving home for more than four hours, raise the thermostat five to 10 degrees in the summer. Do the same at night before going to bed.

The DuPage County Health Department has launched an online reporting tool that will make it easier for County residents to report dead birds that may have died from West Nile virus (WNV).

In this region, WNV can be carried by a variety of birds, as well as Culex mosquitos. Reports of recently deceased birds can be an indicator of early or localized WNV activity. This new form will be easy to use and helpful to the Health Department to "Fight the Bite."

The data collected will be shared with DuPage County entities that are responsible for mosquito abatement so they can make informed decisions about appropriate control measures, as well as alert the general public about precautions that should be taken if WNV activity increases.

Only birds that have been dead for less than 48 hours should be reported, including crows, blue jays, grackles, starlings, robins, cardinals, sparrows, finches, hawks and owls. These are the types of birds known to carry WNV in this region.

To report dead birds visit: http://www.dupagehealth.org/dead-bird-sighting

Among the questions that residents will be asked on the online form are address, number of dead birds, the type of bird and length of time that the bird has been dead.

For more information, <u>visit www.dupagehealth.org/ftb</u> and follow Fight the Bite on Twitter <u>@fight the bite</u> or become a fan on Facebook at <u>facebook.com/fightthebitedupage</u>.

Some Friendly Reminders About Refuse and Recycling Cart Storage

Refuse and recycling carts may be placed out at the curb after 6:00 p.m. the day before the scheduled pickup. A mechanical arm on the truck performs the collection of the refuse and carts, so it is important to place carts approximately one foot behind the curb (or one foot off the pavement, if there are no curbs) with the wheels facing away from the street (toward your house). Place the cart so that vehicles parked on the street don't obstruct it.

Cart(s) must be removed from the curb following pick-up on the day of collection. Please note that refuse, recycling and yard waste are all collected by different trucks running different routes, with different pick-up times.

On non-collection days, carts must be stored out of view from the street.

Village Code prohibits containers to be stored in the front yard, including that area between the building and front yard, or stored in the corner-side or side yard of any property, including that area between the building and that yard unless screened from view from the street. Carts may be stored within a garage or shed, or in a back yard. Carts may also be stored on the side of a house, provided they are sufficiently screened by shrubbery or a fence.

Making a Difference in Our Community

Tony Spavone

Resident and longtime Bloomingdale businessman, Tony Spavone, was honored in May in New York City as he received the Ellis Island Medal of Honor in the categories of humanitarian and performing arts. The award singles out those who dedicate themselves to serving others, while preserving their heritage and those who use their personal and professional gifts to promote humanity.

Anyone who has been to Tony Spavone's Ristorante on Lake Street in Bloomingdale, is well aware of the restaurateur's gift for song.

Not only do his patrons enjoy his musical talents. Tony entertains at Italian festivals around the country, as well as at fundraisers, with various celebrities and at special events, such as the 2000 Republican National Convention.

Tony's passion for giving back, his generous spirit and unwavering willingness to help those in need – especially veterans, children and seniors- have brought him honors from several organizations over the years. But, he said this Medal of Honor touched his heart in a special way as he recalled his late father's immigration to America, his toils to bring the family here, as well as what he taught and shared with young Tony. He would not have received this award, Tony said, had it not been for his Dad. Congratulations, Tony, on this well-deserved honor.

Janine Delaney

Sixteen year-old resident Janine
Delaney is a childhood cancer survivor. She has been raising awareness
and raising funds since she was diagnosed with stage 3 cancer at nine
years old. Janine has advocated for
cancer research twice in Springfield
and again this past April in Washington DC. It is her goal to bring childhood cancer awareness to our
community. She is currently working
with Mayor Coladipietro to possibly
proclaim September Childhood Cancer Awareness Month in Bloomingdale.

Her goal is to eventually have CureSearch and childhood cancer recognized as much as the Susan G. Komen Foundation is recognized for breast cancer. In her words, "kids matter too!" Janine has always wanted to pay her survivorship forward so other children do not have to suffer from this disease. She will walk in the Great Lawn by Soldier Field this September when CureSearch hosts their annual walk in Chicago on September 7th.

Bloomingdale will be hearing more about CureSearch and Janine's mission to raise awareness about childhood cancer by wearing gold, as pink is recognized everywhere for breast cancer. CureSearch, like St. Baldrick's, donates 80 percent of funds raised to childhood cancer research. We can all help Janine's mission by wearing gold in September.

400 Bags of Food Collected by Bloomingdale Church for Interdependence Day

Pastor David Riemenschneider and the parishioners of Bloomingdale Church, 264 Glen Ellyn Road, want the community to know that the June 30 Interdependence Day was a great success. They send thanks to the many people who returned the bags of food to the church and to Circle Park. Thanks to their generosity, approximately 400 bags of groceries were split between four food pantries in our community, which are St. Paul Evangelical UCC, Bloomingdale Township, Bloomingdale Church and Evangel Assembly of God, Hanover Park.

Thanks are also extended to all those who worked the food drive and behind the scenes putting together the patriotic service and the afternoon picnic after the food drive, with special mention of Len Labrentz and Hans Hofmann, who stayed up all night roasting the pig for the picnic. Thanks also to the Bloomingdale Park District, Lake Park High School Marching Band Boosters and the Oasis Swimming team for their cooperation in use of the property.

Alden Valley Ridge Receives 5-Star Rating

Alden Valley Ridge, specializing in short-term orthopedic recovery and post-acute services, has achieved a 5-Star Rating by the Centers for Medicare & Medicaid Services (CMS). CMS evaluated the rehabilitation center's health inspection reports from the past three years, quality of care residents receive and number of direct care hours provided per resident per day. Its online 'report card' provides information on every Medicare and Medicaid certified nursing home in

each state. Each facility is rated on a scale of one to five stars, with five being the highest.

"We are honored at Alden Valley Ridge to receive the 5-star designation," says Emily Hanson, administrator. "Very few rehabilitation centers receive the highest rating, which recognizes the great work our nurses and staff do every day to meet the needs of our patients."

Many individuals come to Alden Valley Ridge for short-term rehabilitation and therapy services after hip or knee surgery, a stroke or other medical condition. Physical, occupational and speech therapies are offered daily to get patients back on their feet and home as quickly and safely as possible. The facility is located at 275 Army Trail Road.

Around and About Town

Swimming & Pool Safety Tips

- Never leave a young child alone or with a sibling. If you must step away from the pool area, take the child, or children, out of the pool and with you.
- Have a poolside phone so there is no need to leave the area and know the emergency number to call.
- Teach your child to swim at a young age. Should they fall in, they might be able to help themselves by staying afloat.
- If you have a pool, make sure it is protected on all four sides from neighborhood kids. The fun of having a swimming pool makes it an inviting hazard.
- Place door latches on the pool entrance high off the ground so children can't open them.
- Make sure the door to the pool has a self-closure that will automatically close and latch.
- If you have a pool or hot tub, you have chemicals of some type to clean and correct the pH levels of the water. Make sure they are kept out of the reach of children. Pool and Spa chemicals should be stored by themselves as some of these products are oxidizers. Oxidizers can start fires or give off toxic gases if they come in contact with oil or gasoline.

Accidents happen. Attend a First Aid and CPR class. Know what to do before it occurs.

Donovan Maloney Awarded Joliet Diocese Scholarship

Thirteen-year old Donovan Maloney, graduate of St. Isidore School, capped off his final days of grade school in grand fashion. The son of residents Mr. & Mrs Colin Maloney was one of only six recipients throughout the Diocese of Joliet to be awarded the prestigious Bishop Romeo R. Blanchette Scholarship. In addition, he is also a 2013 recipient of the Kazma Family Scholarship, administered and awarded annually by the Catholic Education Foundation of the Diocese of Joliet, in conjunction with the Kazma Family Foundation, Naperville.

Donovan Maloney is pictured with retired Joliet Diocese Bishop Joseph L. Imesch and St. Isidore Principal Cyndi Collins.

Donovan will attend St. Francis High School in the fall. The straight A student was one of the first students to head up the school's Leadership Academy last year, and was instrumental, along with the team, in organizing the school and parish-wide food drive. The drive collected 1.1 tons (2,283lbs.) of food and more than \$2,000 in cash donations to help Hesed House, a homeless shelter in Aurora.

St Isidore Students Collect Craft Supplies for Resident of Lexington Health Network

Front Row: Ms. Myrna Martin (Activity Director at Lexington Health Care), St. Isidore Student Leadership Academy student Lisa Testolin, Ms. Samantha Hoover (St. Isidore School Counseling Office Intern) Back Row: SIS LA students Zac Barry, Henry Breyne, Brendan Dunbar and Mr. Trevor Simpson (SIS School Counselor).

Middle school students from the St. Isidore Leadership Academy organized a school and parish-wide craft drive this spring that collected over 500 craft supplies to help the elderly residents and patients of Lexington Health Network. Eighth graders Jenna Jamieson, Donovan Maloney, Isabella Sansone, Brendan **Dunbar and Olivia** Dorman, and seventh graders Marissa Testolin, Jenny Hauser, Zach Barry and Henry

Breyne were asked to create, develop, and implement a project that demonstrated leadership in their community. The students selected Lexington Health Care after being moved by the needs of the elderly from some of their previous site visits. Students from the Leadership Academy personally delivered the crafts to the Lexington facility in Bloomingdale in late May.

Sunnyside Accessible Park

Sunnyside Park's playground structures have undergone a complete renovation and are now fully-accessible for children of all abilities ages 2-12. The basketball and tennis courts also have been resurfaced to give the entire park a brand new appearance.

Flight for Life: Plan Your Escape Route From a Fire

Fire can spread rapidly through your home, leaving you as little as two minutes to escape safely once the alarm sounds. The Bloomingdale Fire Protection District and the National Fire Protection Association (NFPA) would like to provide you and your family with these escape planning tips.

Escape Planning

In 2012, there were an estimated 370,000 reported home structure fires and 2,520 associated civilian deaths in the United States. Fire can spread rapidly through your home, leaving you as little as two minutes to escape safely once the alarm sounds. Your ability to get out depends on advance warning from smoke alarms, and advance planning — a home fire escape plan that everyone in your family is familiar with and has practiced.

Clear Your Escape Routes

Clear all escape routes. Items that block doors and windows in your home could keep you from escaping in the event of a home fire. And that could mean the difference between life and death. So unblock your exits today!

Key to your family's safety is planning and practicing a home fire escape plan twice a year. Start by identifying two escape routes out of each room, if possible, then make sure that each of those escape routes can be used safely by everyone.

Escape Planning in Tall Buildings

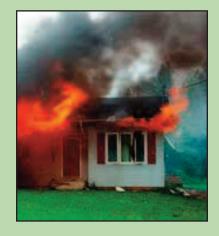

Fire drills are important for all homes, including apartment buildings and other high-rise structures. You need to know the basics of escape planning, from identifying two ways out of every room to getting low and going under smoke, and the importance of practicing how you would respond in an emergency. Be aware that sometimes the safest thing you can do in a tall building fire is to stay put and wait for the firefighters.

- Know the plan: Be familiar with your building's evacuation plan, which should illustrate what residents are supposed to do in the event of an emergency. When looking for an apartment or high-rise home, look for one with an automatic sprinkler system.
- Practice is key: It's essential that you and your family are prepared to
 respond to a fire alarm. Identify all of the exits in your building and the
 stairways, in case one is blocked by fire.
- Never use the elevator: In case of fire, always use the stairs to get out, never the elevator.
- Stay low: When you hold your fire drill, everyone in the family should practice getting low and going under the smoke to the exit.
- Seal yourself in for safety: If you can't exit an apartment building, call the fire department to report your exact location. Gather in a room with a window, create a seal around the door.
- Stay by the window: If possible, you should open your windows at the top and the bottom so fresh air can get in. Don't break the window. If smoke enters the room from outside the building, you won't be able to protect yourself.
- **Signal to firefighters:** Wave a flashlight or light colored cloth at the window to let the fire department know where you are located.

Some Sobering Statistics

Facts and figures

- Only one-third of Americans have actually developed and practiced a home fire escape plan to ensure they could escape quickly and safely..
- One-third of American households who made an estimate thought they would have at least 6 minutes before a fire in their home would become lifethreatening. The time available is often less. And only 8% said their first thought on hearing a smoke alarm would be to get out!

Septemberfest Then and Now

Over 40 years, some elements of Septemberfest have not changed – food, music, the gathering of neighbors, and the location. What was once an open prairie behind Bender's Hardware near the corner of Third Street and Franklin streets is now paved streets and a beautiful passive park with a permanent pavilion stage. Here's a glimpse back in time.
